July 2-3, 2020, Qingdao, Shandong, China

## ✧ Introduction

BenchCouncil International Symposium on Education Technology (EduTech 20) will be held in Qingdao, a beautiful seaside city in China from July 2 to July 3. The main theme of EduTech 20 is AI and Computer Sciences for Education. EduTech 20 is a part of [2020 BenchCouncil Federated Intelligent Computing and Block Chain Conferences \(FICC 2020\)](#), joint with [Symposium on Intelligent Computers \(IC 20\)](#), [Symposium on Financial Technology \(FinTech 20\)](#), [Symposium on Block Chain \(BChain 20\)](#), and [Symposium on Intelligent Medical Technology \(MedTech 20\)](#). This conference organization retains the advantages of a smaller conference, while at the same time, facilitates communication, collaboration, and interplay among different disciplines. Hereby, EduTech 20 is for the communication, collaboration, and interplay among the communities of Education, AI, and Computer Sciences.

Since its founding, [BenchCouncil](#) has two fundamental responsibilities. On one hand, it encourages data-driven, intelligence-inspired, and benchmark-based quantitative approaches to tackle multi-disciplinary challenges. On the other hand, BenchCouncil incubates benchmark projects and hosts the BenchCouncil benchmark projects, and further encourages reliable and reproducible research using the BenchCouncil benchmark projects or incubator benchmark projects. To that end, we present the BenchCouncil Award for Excellence for Reproducible Research to the papers accepted by EduTech 20 (each paper \$100 prize, maximally up to 15 papers for EduTech 20). We welcome the industry leaders as sponsors to provide the testbed and the honorariums for the above awards.

In addition, we will invite influential speakers from around the world.

◇ Paper Submissions:

Papers must be written in English and submitted in PDF. **The submissions will be judged based on the merit of the ideas rather than the length.** For a paper, the page limit is 8 pages in standard two-column IEEE conference format or 12 pages in LNCS format, not including references. For a valid submission, the page size should exceed 4 pages in standard two-column IEEE conference format or 6 pages in LNCS format, not including references. After the acceptance decisions are made, the presentation mode of each **paper** is determined based on the recommendations as **poster**, **spotlight**, or **oral**. All **accepted papers**, regardless of presentation mode, appear in the proceedings as full-length papers. The proceeding of 2020 BenchCouncil International Federated Intelligent Computing and Block Chain Conferences will be published by Springer LNCS (Indexed by EI). **For the papers which win the BenchCouncil Award for Excellence for Reproducible Research (each paper \$100 prize, maximally up to 15 papers for EduTech 20), an extended version must be submitted to a BenchCouncil Transaction.**
